Introduction

The *50 States Humble Jumble Game* is designed to make learning the 50 states enjoyable for children. In the game, players must match cards according to symbols in the corners or state sets. An example of a symbol match is to place Phoenix, a state capital, on top of Juneau, another state capital. On the other hand, a state set match could be the MN card on top of the Minnesota card, or the Colorado shape card on top of the Denver card. Special Tumble, Jumble, Stumble, and Mumble cards make interesting game play. The winner is the first person to get rid of his or her cards.

Everything needed for play is included in this product. Just print and prepare the cards according to the instructions. Be sure to read the GAME SETUP section of the Rules for Play so that have the right balance of state cards and special cards.

Bonus Game: Use 9 - 15 state set cards without the special cards to play *Go Fish*. Players must ask for specific cards like Delaware or Dover or DE or the shape of Delaware.

I hope that the children you teach enjoy playing the *50 States Humble Jumble Game*. If you are interested in another state facts game, you may want to check out the [Learn the States Cliff Climb Flash Card Game](#). When you combine it with [States and Capitals Flash Card Add-On Pack](#) and the [State Abbreviations Flash Card Add-On Pack](#) you get many more hours of enjoyment for children. Learn more about them and other U.S. state products in the [Geography section](#) of WarmHeartsPublishing.com.

Instructions for Preparation of Playing Cards

There are two methods you can choose from when printing and preparing the playing cards.

Method 1:

1. Print the playing card pages front to back on card stock.
2. Cut apart the cards on the solid black lines.
3. If desired, laminate for durability.

Method 2:

1. Print the card pages individually on printer paper.
2. Cut apart the cards on the solid black lines.
3. Insert the card fronts with the picture side out into clear card deck protector sleeves.
4. Put regular playing cards behind each card. This will strengthen the cards.
5. Insert the card backs with the "50 States Humble Jumble Game" text side out behind the playing cards.

Note: The playing cards have been designed to be 2 1/2 x 3 1/2 inches in size so that you can use **Method 2** above for assembling the cards. One way to maintain the exact size is to play with the options in the print dialogue box of your computer. Printer settings vary, but you may be able to select "Actual size" under sizing or change the scaling to "None." Know that some printers will resize these pages when you print them no matter what you do because of the way they were designed by the manufacturer. You should, however, still be able to use the cards to play the games.

50 States Humble Jumble Game Rules for Play

For 2 - 4 players ages 8 and up

GAME SETUP:

1. Choose 10 - 12 sets of state cards. Each set is made up of the state name, shape, capital, and abbreviation.
2. Add the 16 special Tumble, Jumble, Stumble, and Mumble cards.
3. Shuffle the cards.
4. Deal 5 cards face down to each player. Players may look at their cards but should keep them hidden from other players.
5. Place the rest of the deck face down in the center of the playing area and turn over the first card. If the first card is a special card, shuffle it back in the deck and turn over a new card.

OBJECT OF THE GAME:

Be the first player to get rid of all of your cards and say, "Humble!"

GAME PLAY:

Starting with the player on the dealer's left, each player on his or her turn plays a card on the face up card if he or she can. The card must match in one of two ways:

1. Match by symbol. A card with an envelope symbol can go on top of another card with an envelope symbol.
2. Match by state set. A state set includes cards that make up the matching state name, shape, capital, and abbreviation. For example, the Phoenix card can go on top of the Arizona card because it is the capital of that state.

The exception to this rule is the Mumble Card described below. If a player cannot play, he or she must draw one card. If it is playable, he or she may play it, otherwise play goes to the next person.

Play continues until one player says, "Humble!" when he or she goes out and wins the game.

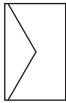

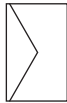

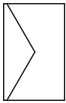

SPECIAL CARDS:

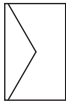

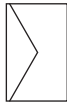

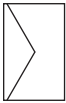

Tumble Card - When this card is played, the next player must discard his or her whole hand and draw the exact same number of cards he or she had from the deck. His or her turn is then over. This card must match by symbol to be played.

Jumble Card - When this card is played, the player who played the card must collect the cards from all players and mix them up with his own face down. He or she then deals them out evenly to every player and ends his turn. This card must match by symbol to be played.

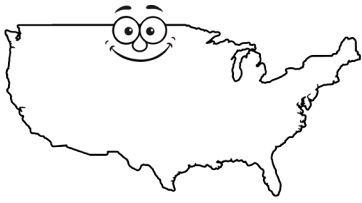

Stumble Card - When this card is played, the next player must skip his or her turn. This card must match by symbol to be played.

Mumble Card - This is a wild card. When this card is played, the player who played it chooses a symbol (name, shape, capital, or abbreviation) and calls it out. The next player must play a card with this symbol or another Mumble card. If unable to play, he or she must draw a card. This card can match with any symbol.
