Children can practice their letter recognition skills with the mazes in this product.

The pages can be printed on paper and handed out for one time use, or they can be laminated or inserted into sheet protectors for multiple uses. If you do the latter, children can use dry erase markers to trace the paths through the mazes or they can place small items such as pompoms, glass gems, or dried beans on the appropriate letters of each maze.

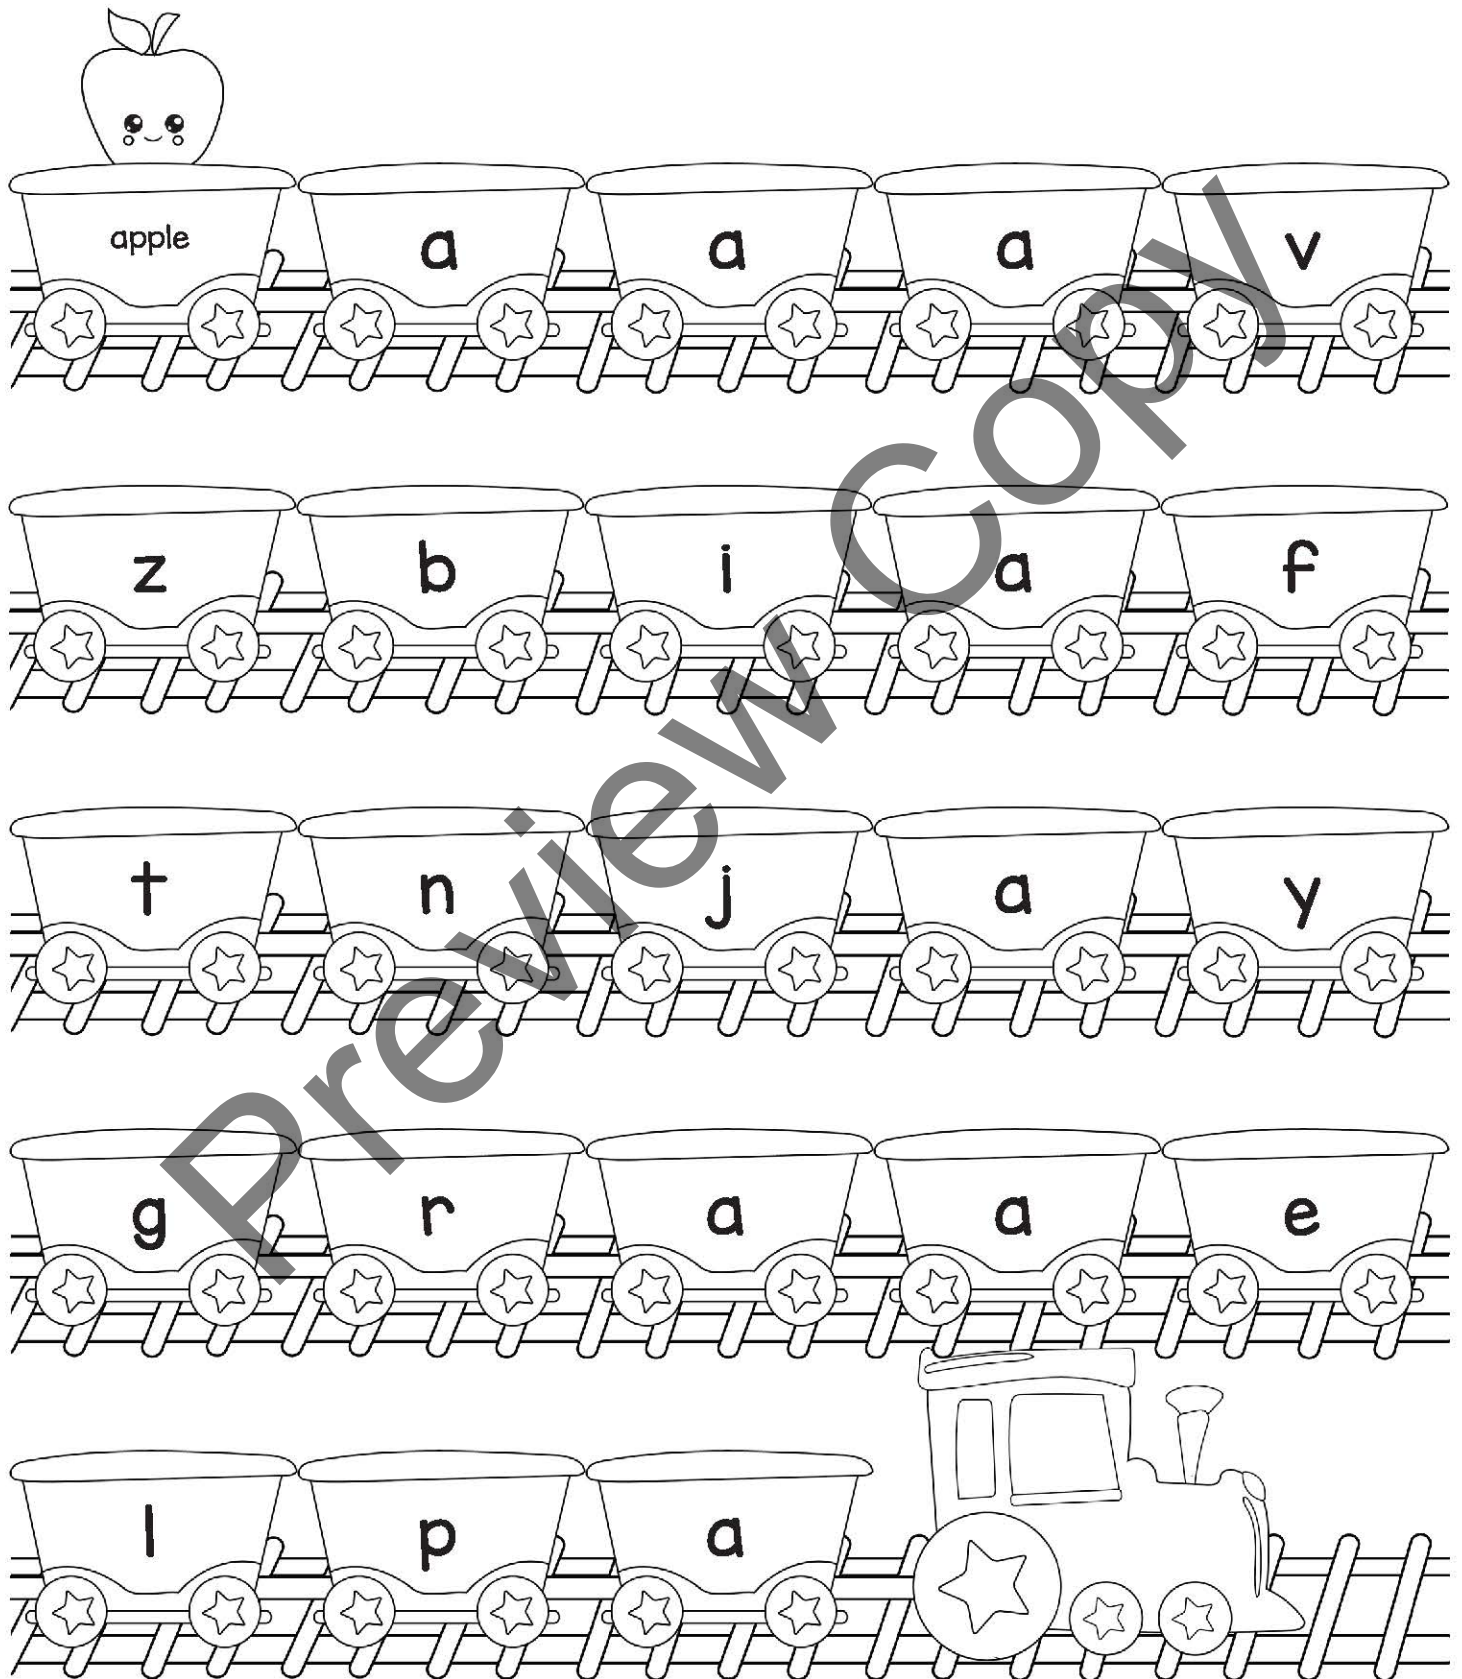

The mazes have been divided into two files, one with all uppercase letters and the other with all lowercase letters.
