If you liked this product, you may be interested in these:

This product contains six different sets of alphabet clip cards. The first four are self-correcting. One is with uppercase letter matching, one with lowercase letter matching, one with both uppercase and lowercase letter matching, and one with beginning letter sounds that has the picture name as a cue. The last two are uppercase to lowercase matching and beginning letter sounds without a cue.

### **How to Make**

Print the cards on paper and laminate, or print them on cardstock. Cut apart so that each card is comprised of a large section with a train car and 3-4 sections below it with letters.

### **How to Use**

Give each child a set of cards. Show the child how to choose the correct answer and clip a clothespin in that location. Alternatively, you can use objects such as pompoms, glass gems, or dried beans to cover the correct answer instead of clothespins.
